Languages: Fluent in Malay and English.

WORK EXPERIENCE

MILLENNIUM RADIUS SDN BHD

Full-Stack Software Developer

Setiawangsa, KL

November 2023 – Present

- Leading front-end development for a React Native business intelligence dashboard used by a palm oil plantation company to track operational KPIs and field data (current project).
- Developed both front-end (Vue.js) and backend (Java Spring Boot) modules for a commodity trading platform used by a major Malaysian financial organization, ensuring seamless, secure, and high-performance transaction workflows.
- Built and maintained backend services using Node.js with Express for an electronic document management system, handling secure file storage, access control, and audit logging.
- Collaborated with cross-functional teams including designers, back-end engineers, front-end engineers and QA to deliver high-quality releases within sprint timelines.

BRIDGENET SOLUTIONS SDN BHD

Client Manager

Mont Kiara, KL

April 2023 – October 2023

- Acted as the key liaison for two high-value clients in the telecommunications sector.
- Managed the end-to-end sales process, from prospecting to closing deals.
- Monitored market trends, competitor activity, and industry developments to identify business opportunities.
- Coordinated interdepartmental efforts to deliver customized solutions to client challenges.

MESINIAGA BERHAD

Account Manager

Subang Jaya, Selangor

December 2021 – March 2023

- Managed three key accounts in the telecommunications sector, serving as the main point of contact for stakeholders.
- Aligned internal teams to deliver tailored solutions for client needs.
- Generated RM5.85 million in revenue through renewals and new projects, including a RM 2.4 million project for one of Malaysia's largest telcos and a RM900,000 office network setup for another.
- Addressed customer issues to ensure satisfaction and maintain strong partnerships.

POCKETDATA SDN BHD

PHP Developer

Cyberjaya, Selangor

October 2021 – December 2021

- Worked on a government-sector system using Laravel, Tailwind CSS, JavaScript and SQL.
- Collaborated with UI/UX designers to turn mockups and wireframes into functional web pages, ensuring a consistent user experience.

DAMANSARA TECHNOLOGY SDN BHD

Web Developer Intern

Bukit Damansara, KL

October 2019 – August 2020

- Revamp the company's website by using WordPress.
- Developed initial front-end drafts for internal client projects using HTML, CSS (Bootstrap) and JavaScript.

LEADERSHIP EXPERIENCE

MILLENNIUM RADIUS SDN BHD

Setiawangsa, KL

Lead Front-End Developer (Current project)

- Leading the front-end development of a business intelligence dashboard using React Native for a palm oil plantation company.
- Oversee UI/UX implementation, component architecture, and API integration.
- Mentor junior developers and ensure adherence to coding standards and performance best practices.
- Collaborate cross-functionally in Agile sprints to deliver timely, scalable, and maintainable solutions.

NOTTINGHAM MALAYSIAN SOCIETY

Nottingham, UK

Sports Secretary

- Served as Sports Secretary for a distinguished Malaysian student society in Nottingham, UK.
- Exhibited leadership and strategic planning prowess as co-director of the Nottingham Malaysian Games, the UK's premier Malaysian students' sports event with an average of 4000++ Malaysian students and citizens attending every year.
- Effectively managed the comprehensive spectrum of sports affairs within the Nottingham Malaysian Society, fostering an engaging and inclusive sports environment.
- Successfully collaborated with the Singapore Society for a joint hiking expedition, showcasing adept teamwork and cross-cultural coordination.
